Subject: List of Temporary and Seasonal Employees Over Two Years

Attached, please find a list of 37 employees who have exceeded two years of employment. The list that was printed from the system was not current. Therefore, we removed names of employees who we know have already terminated their employment and who are in the process of being converted to student status.

As we discussed, the 37 employees on the list should be sent notification of termination by April 16, 2004, for termination effective April 30, 2004. The Division Managers are hiring temporary employees to replace them, and we believe that we will have adequate coverage by April 16, 2004.

Please let me know if you have any questions.
